Simla, the 2nd August 1924.

No. 1357.—The following letter received from the Government of the East Africa Protectorate is published for general information :—

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE,
June 27, 1924.

Sir,

I have the honour to inform you that the Government of British East Africa Protectorate has recently had under consideration the desirability of enforcing much more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2 Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 3 (a)* might be permitted to enter the Protectorate on payment of a deposit according to suitability.† In the course of time the restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before landing and if this section is read together with section 3 (1) of the amending Ordinance of 1910, it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of that regulation will take effect as from the 1st of September 1924 and I have the honour to request that steps may be taken to make the procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,
Sir,
Your most obedient servant,

C. C. HOWARD,
Chief Secretary to Government.

Local Governments and Administrations are requested to make the information contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50 or to comply with the demand for the requisite security in lieu of the deposit.

Fort St. George, June 26, 1934.
(G. O. No. 1264, Revenue).

No. 103.—The Government have sanctioned a revised estimate amounting to Rs. 4,17,700 (4 lakhs of rupees seventeen thousand seven hundred only) for the construction of a reservoir across the Kollavagu near Tippayapalem village, Markapur taluk, Kurnool district. The Project is expected to irrigate about 1,224 acres of land in Tippayapalem, Chintakunta and Shoutriyam Malyavanthangadi villages. The ryots of the above-named villages have agreed to pay a water-cess of Rs. 12 an acre. The ryots of the other two Government villages agreed to pay assessment at the rate of Rs. 12 an acre. It is proposed to restrict the lands as dry and so issue standing permits for that irrigation.

The following draft of the rules for the levy of water-cess for the irrigation of lands under the Tippayapalem reservoir in the Markapur taluk of the Kurnool district which the Governor in Council proposes to make in exercise of the powers conferred by section 1 of the Madras Irrigation Cess Act, 1865 (Madras Act VII of 1865), is hereby published as required by section 3 of the Madras Irrigation Cess (Amendment) Act, 1900 (Madras Act V of 1900), for general information. Notice is hereby given that the draft will be taken into consideration after three months from the date of the publication of this notification and that any objection or suggestion which may be received with respect thereto before the expiry of the period aforesaid will be considered by the Governor in Council.

DRAFT RULES FOR THE LEVY OF WATER-CESS FOR THE IRRIGATION OF CROPS WITH WATER FROM THE TIPPAYAPALEM RESERVOIR, MARKAPUR TALUK, KURNOOL DISTRICT.

I. For the purposes of these rules—

(1) Irrigation is said to be 'regular' when the crops are irrigated under and in accordance with the terms of a permit in force issued by the Executive Engineer.

All other irrigation is 'irregular.'

(2) A 'second crop' is a crop grown on land on which a first irrigated crop, not being a dufasal crop, has already been grown in the same fasli.

(3) A 'third crop' is a crop grown on land on which either two irrigated crops or an irrigated dufasal crop has already been grown in the same fasli.

(4) A 'dufasal crop' is a crop which normally remains on the ground for more than six months, such as sugarcane, betel and turmeric.

II. When water from the Tippayapalem reservoir is supplied for the regular irrigation of crops, water-cess shall be levied at the following rates:—

	Per acre. Rs.
(i) for a first irrigated crop not being a dufasal crop	12
(ii) for a second irrigated crop not being a dufasal crop	8
(iii) for an irrigated dufasal crop	18
(iv) for a third irrigated crop	6

Provided that when the water cannot be used for irrigation without causing it by baling or by means of a mechanical contrivance, a deduction of one-fourth of the said rates shall be made.

III. The land specified in a permit issued by the Executive Engineer may be irrigated until the permit is withdrawn or cancelled by the Executive Engineer by notification in the District Gazette, and if a sluice or

pipe is shown as the person, the land shall be irrigated only from that sluice or pipe. No application for such a permit is necessary.

IV. For irregular irrigation with water from the Tippagunlam reservoir, water-cess shall be levied in accordance with the rules contained in Revenue Department Notification No. 236, dated the 8th May 1893, published at pages 739-742 of Part I of the *Fort St. George Gazette*, dated the 23rd May 1893, as altered or amended from time to time.

V. Notwithstanding anything contained in the foregoing rules, the Government reserve the right with or without reasons given, to discontinue either temporarily or permanently, the supply of water to any land, to alter the source of supply to any land and to modify the method of charging for water and the rates at their discretion.

NOTIFICATIONS.

Fort St. George, May 2, 1934
(G.O. No. 1064 F).

No. 370.—In exercise of the powers conferred by rule 2 appended to the table relating to the Indian Service of Engineers forming Military officers holding posts borne on the cadre thereof, in schedule I to the Superior Civil Service Rules, the Local Government are hereby pleased to prescribe the following rules regarding the professional examinations (including the Account and Examination Tests) and the vernacular examinations to be passed by the officers of the said service. The rules hereby enacted be deemed to have been made and to have come into effect on and from the 28th February 1933.

Rules relating to the Professional (including Account Test and Examination Test) and Vernacular Examinations of Assistant Executive Engineers of the Madras Public Works Department.

1. *Professional Examinations.*—Every Assistant Executive Engineer of the Indian Service of Engineers shall pass the professional examination referred to in rule 2 within three years of joining his appointment on such.

2 (1) An Assistant Executive Engineer desirous of undergoing the examination shall apply through the Executive and Superintending Engineers concerned to the Chief Engineer. The Executive and Superintending Engineers shall, when forwarding the application, attach thereto special reports upon those points of qualification which cannot be tested by examination, especially in regard to the officer's physical energy, efficiency in practical work and capacity to manage those under his authority. No Assistant Executive Engineer will be entitled to undergo the examination unless and until these reports have been received and are found satisfactory by the Chief Engineer.

(2) At the examination, the Assistant Executive Engineer will be required to satisfy his examiners —

(a) that he is acquainted with the processes for preparing materials and with the modes of construction in use in India;

(b) that he has a good knowledge of the resources of the districts in which he has been employed as to materials and of the best mode of applying them; and

(c) that he understands the management of work-people.

3 (1) The examination referred to in sub-rule (2) of rule 2 will be conducted by a committee convened by the Chief Engineer and composed of one Superintending Engineer and two Executive Engineers. The Superintending Engineer shall be the president of the committee.

(2) No question shall be asked at the examination on theoretical points such as in ordinary practice would be met by a resort to books of reference.

(3) A report of the proceedings of the committee together with the special reports mentioned in sub-rule (1) of rule 2 and the observations and recommendations of the Superintending Engineer who was the president of the committee, shall be submitted, through the Chief Engineer, to the Local Government.

(4) The Local Government shall thereupon decide whether or not the examinee has passed. The passing of the examination shall be notified in the *Fort St. George Gazette*.

4. The Local Government will endeavour, as far as possible, to employ Assistant Executive Engineers in such a manner as will afford them the experience of work necessary to enable them to pass the above examination. In any case in which owing to the exigencies of the public service, illness of the officer, or want of time, or of opportunity, for convening a committee, an officer is not able to pass the examination within the prescribed period, the Local Government may, in their discretion, extend the period for passing the examination by not more than one year.

5. *Account Test Examination.*—Every Assistant Executive Engineer must pass an examination in the Madras Public Works Department Code and Public Works Account Code at one of the first three examinations held after joining his appointment as Assistant Executive Engineer on probation. The examination will be conducted by the Board of Examiners.

6. *Examination in riding.*—Every Assistant Executive Engineer recruited to the Indian Service of Engineers under sub-rules (2) and (4) of rule 2 of the Indian Service of Engineers (Recruitment) Rules, 1929, must pass an examination in riding within the first two years of joining his appointment as Assistant Executive Engineer on probation.

7. An examination in riding shall be arranged for in the Public Works Department by the Superintending Engineers of Circles when necessary and shall be conducted by a committee consisting of either the Superintending Engineer and an Executive Engineer, or of two Executive Engineers. A candidate appearing for the examination shall be required to produce his own or a borrowed mount and saddlery and shall be taken by the committee for a cross country ride such as would be taken when visiting villages and work-spots on duty. He shall not be required to gallop or jump or to exceed a pace of six miles an hour and, if he satisfies the committee of his ability to take such a ride, he shall be passed. The results of the examination shall be reported to the Chief Engineer.

8. (1) *Vernacular examination.*—Every Assistant Executive Engineer must pass an examination in Tamil or Telugu within three years from the date of the first examination that is held after joining his appointment as Assistant Executive Engineer on probation.

(2) The following are the subjects of the examination with the number of marks allotted to each:—

Subjects.	Maximum marks.	Minimum required.
(i) Conversation—Conversing with accuracy and fluency in the vernacular language ..	100	70
(ii) Dictation of sentences connected with the Assistant Executive Engineer's work ..	50	35
(iii) Reading printed matter or written matter (not difficult) such as different kinds of bills connected with Public Works subjects and explaining their meaning in the vernacular language ..	50	35
Total ..	200	140

(3) On an Assistant Executive Engineer passing the above examination, the fact will be notified in the *Fort St. George Gazette* and the letters L.S.T. or L.S.Te. according to the language passed, will be placed against his name in the classified list.

9. (1) Every Assistant Executive Engineer who has passed the examinations prescribed in rule 8 in one of the languages, Tamil or Telugu, will be required to pass an examination in the other language or in Hindustani within five years from the date of the first examination that is held after joining his appointment as Assistant Executive Engineer on probation.

(2) The following are the subjects of the examination in the second language with the number of marks allotted to each:—

Subjects.	Maximum marks.	Minimum required.
(i) Conversation	80	56
(ii) Reading easy prose	20	14
(iii) Translation of prose	20	14
(iv) Dictation of simple sentences	20	14
Total ..	120	84

10. A pass in either of the two standards in Kanarese or Malayalam is optional.

11. The principal object of the examination in the first language is to test the proficiency for practical purposes of the Assistant Executive Engineer in one of the two languages, Tamil or Telugu, selected for the examination. For this purpose at least three papers which the Assistant Executive Engineer has never seen before, taken from official records, and written by different persons in a plain running hand, must be read aloud by the Assistant Executive Engineer correctly and without difficulty, and after being read aloud, their contents must be correctly explained by him in English.

In the language selected for this examination the candidate must be able to dispose of vernacular correspondence connected with his work by orders passed in the vernacular. In testing the candidate's qualifications in this respect, vernacular manuscripts shall be given to him to read. These papers will be written in a common office running hand and must be read by the candidate with fluency. The orders to be passed shall be dictated and shall be written down by an Indian clerk exactly as dictated.

The candidates shall then be tested in conversation with two or three Indians in such manner and to such extent as shall suffice to satisfy the examiners as to the degree of his power of understanding Indians of the classes with whom the Assistant Executive Engineer is likely to find himself called upon to converse in the ordinary course of his duties and of making himself understood by them.

12. In the test for the second language, the examinee shall be required to possess a fair colloquial acquaintance with the language, to translate correctly an official paper read to him, to translate orders in the language and to read ordinary areas

13. (1) The Local Government will endeavour, as far as possible, to employ Assistant Executive Engineers in such a manner as will afford them the opportunity of passing the examinations prescribed in rules 8 and 9. In any case in which owing to the exigencies of public service, illness of the officer or want of time an officer is not able to pass the examination within the prescribed period, the Local Government may, in their discretion, extend the period for the passing of the examination by not more than one year.

(2) As it is considered desirable that all officers should know any two of the three languages, Tamil, Telugu and Hindustani, the Local Government will endeavour to transfer Assistant Executive Engineers as soon as possible after they have passed in the first compulsory language to a district where one of the other two languages is spoken so as to give them an opportunity of passing it early in their service.

(3) In the case of Indian officers, the Local Government will arrange, as far as possible, to post them in the first instance in districts in which a language other than their own vernacular is spoken so as to enable them to pass the examination in that language at the beginning of their service.

14. The examinations will ordinarily be conducted at Madras twice a year in January and July by the Board of Examiners.

15. An Assistant Executive Engineer whose mother-tongue is Tamil, Telugu or Hindustani, or who has taken one of these languages for his University degree, shall be required only to pass the vernacular test in one other of these languages in the standard specified in rules 8 and 12, and an Assistant Executive Engineer whose mother-tongue is one of these languages and who has taken another of them for his University degree, shall not be required to pass any vernacular test.

16. *General.*—The time spent on military duty by an officer of the Engineering establishment who is required to pass the professional and vernacular language examinations referred to in these rules shall not count as part of the prescribed period (including any extension) within which the officer should qualify.

No. 881.—In exercise of the powers conferred by sub-section (2) of section 12 C of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), the Governor acting with Ministers is hereby pleased to notify that a Commissioner shall be appointed to the Pondicherry Municipality as in the opinion of the Governor acting with Ministers the interests of the municipal administration require the appointment of a Commissioner.

Fort St. George, June 28, 1934
[G.O. Ms. No. 1027 (99-S), P.H.].

No. 882.—Under rule 17 of Appendix II to G.O. No. 1395, P.H., dated 3rd June 1930, the Madras and Southern Mahratta Railway Company, the South Indian Railway Company and the Bengal Nagpur Railway Company are issuing free railway tickets to indigent patients and their attendants proceeding to the Pasteur Institute, Coonoor, or the nearest Government centre for anti-rabic treatment or returning therefrom. The Agents of these Railway Companies as well as the Agent, His Exalted Highness the Nizam's State Railway, have intimated that in pursuance of the recommendation made by the Indian Railway Conference Association, the concession hitherto shown by them in regard to the issue of free railway tickets to indigent persons for proceeding to or returning from anti-rabic treatment centres will be withdrawn with effect from 1st July 1934.

2. The Government consider that it is essential that indigent patients proceeding to the nearest anti-rabic treatment centres or returning therefrom should be given the concessions of free railway tickets to avail themselves of the treatment. In view, however, of the fact that the Government are at present bearing the cost of vaccine and the charges incurred on account of the telegrams to the Pasteur Institute, Coonoor, for vaccine used in the treatment of indigent persons not employed in public service, they consider that local bodies (district boards and municipal council) should meet the cost of railway fare in addition to the maintenance charges and the actual cost of transit for journeys by road or river of indigent persons and their attendants now being met by them. The Government therefore direct that the expenses incurred on account of railway charges to indigent pat ents and their attendants though met by the Government in the first instance, should ultimately be recovered from the local bodies to whose area the indigent persons belong. These expenses will be a proper charge on the local bodies concerned falling under rule 1 B (1) (k) of Schedule V to the Madras Local Boards Act, 1920, in the case of district boards and under 30 (a) of Schedule IV to the Madras District Municipalities Act, 1920, in the case of municipal councils.

3. The following procedure should be adopted with effect from 1st July 1934 in regard to the payment to be made to indigent persons and their attendants proceeding to or returning from an anti-rabic treatment centre and the recoveries to be made from the local bodies concerned. The railway fares should be paid in cash by the officers despatching the indigent patients, money being drawn on contingent bills debitable to "Advances Repayable—Objection book advances—Other officers." The despatching officers should, with reference to rule 24 in Appendix 21 to G.O. No. 1395, P.H., dated 6th June 1930, give intimation to the local bodies concerned regarding the amount paid to indigent persons for railway charges. These amounts should be recovered from the local bodies concerned by presenting bills. A copy of the intimation should also be sent to the Accountant-General who will watch the recoveries made from the local bodies. The recoveries will be credited to the same head.

E. CONRAN SMITH,
Secretary to Government.

Note.—Only one particular kind of machine should be used by the candidates throughout the examinations

3. Seats and accommodation for the candidates:—

(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools if they choose, provided they take care to see that by so doing they do not give room to the slightest disturbance being caused at the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for going out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the left hand corner of their answer papers and the particular kind of Typewriter they use at the right hand corner typed, before the question paper is given to them.

4. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

5. The candidates will, if necessary, be examined in *batches*, but at least every four candidates for the Lower

grade, at least every two candidates for the Higher grade, must have one machine among them.

6. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

7. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

8. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor, if he is within call on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely ex gratia, the whole responsibility resting on the candidate and the Manager or Instructor.

A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to send duties to compensate for loss of time while the machine is out of order and is being put right.

In the Mofussil.

Heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent somewhat two days before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Lower Grade.—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth in which the candidates elect to appear) will be issued on Thursday, the 16th July 1936, between 11 a.m. and 5 p.m. at the office of the Commissioner for Government Examinations, Old College, Saidapet, Madras. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only if spare seats are available in the hall, i.e., if no seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 16th July 1936, with all the necessary information as to the Roster numbers and names of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets are on any account to be sent by post either to heads of institutions or to private candidates.*

Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

Candidates for the *Higher grade* may appear for the first or second batch at their option and *no tickets accordingly are issued for this grade.*

Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, the 16th July 1936, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong etc., will be issued to them and these should be produced at the entrance to the examination hall.

(ii) *Both at Madras and in the Mofussil.*

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Candidates are expected to take their seats in the examination hall at least ten minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiry of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiry of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

4. Strict silence should be maintained in the examination hall.

5. *No candidate will, on any account,* be allowed to take into the examination hall *slates,* books, or portion of a book, *ruled sheets* manuscripts or papers of any kind. Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practice will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

Board (Land Revenue and Settlement),
Madras, 25th June 1934.

No. 8.—In virtue of the powers delegated under clause XI of Government Notification No. 485, dated 13th July 1885, published on pages 1403 and 1404 of the *Fort St. George Gazette*, dated 29th September 1885, Part I, as amended by Government Notification No. 104, dated 14th March 1924, and in supersession of Commissioner's Notification No. 7, dated 20th June 1933, the Commissioner of Excise hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1934:—

(1) The villages in the Agency tracts specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiris district and the Wynad taluk, Anjengo, Tangaseri and the Attapadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy areach;

(c) of tappers on their own application in the South Kanara district provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(d) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the West Godavari district and in the Nellore and Bapatla talukas of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale;

(e) of toddy shopkeepers or renters in the Mysore territory, in the Civil and Military Station, Bangalore, and in the Banganapalle State desiring to obtain toddy from trees growing in British territory;

(f) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Silt and Abkari Inspector of the State; and of toddy renters in the Cochin State; and

In cases (b), (d) and (e) the licences may be issued in the name of the applicant himself or of his nominee, and in cases (a), (c), (f) and (g) in the name of the applicants only.

3. Persons wishing to apply for the grant of tree-tapping licences must first pay the fees for the first instalment thereof on the case may be) into an account of the trees which they desire to tap, into a Government treasury, which may be either the district treasury or a taluk treasury. Divisional officers may also empower heads of villages to receive payment on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (c) and (e) the tree-tax must be paid into a Government treasury of the taluk in which the shop is situated or to an authorised village headman in the same taluk, and the renters concerned should affix a declaration in the applications to the effect that they have obtained a licence permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be marked. The shop licences should be produced before village headmen in cases where the applications and fees are presented to them officers. Pudukkottai renters, when applying for trees in British territory must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped, those put in by other persons must bear a court fee stamp of one anna. In any case, if the fees have been paid into a treasury, the applicant must contain a certificate of payment from the treasury officer; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildary's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T. T. 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree tapping licence in Mysore. Applications from Mysore renters for licences for the tapping of trees in villages in the British territory in which there are trees belonging to Government should invariably be got countersigned by the village headman of the village in which the trees are situated in token of the correctness of the entries concerning the ownership of the trees. The tree-tax should be calculated at the higher rate of the rates are not the same on the two sides of the frontier. The procedure for the marking of trees in British territory for toddy shops in the Civil and Military Station, Bangalore, will be similar to that laid down for the marking of trees in British territory for Mysore shops.

(2) Applications for tree-tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be tapped in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore and the Civil and Military Station, Bangalore, for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasuries of the Madras Government and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the actual rent imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the applicant on of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to allowing rent thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. (1) Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax into the Kurnkunta Sub-Treasury, the rate being the same as in the Kurnool district. Toddy shopkeepers in Banganapalle State will be allowed to tap trees in the adjoining British territory on payment of tree-tax in the treasury of the taluk in which the trees stand. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree tax to that State at the higher of the rates prevailing on both sides of the frontier.

(2) Toddy shopkeepers in British territory adjoining Cochin State may be allowed to tap trees in that State on payment of full tree tax to that St te at the higher of the rates prevailing on both sides of the frontier.

A Cochin State renter applying for trees in British territory must pay full tree-tax in one instalment at the higher of the rates prevailing on both sides of the frontier, into a British treasury, and present to the British Taluqdar or Deputy Taluqdar concerned an application which must be countersigned by the Circle Inspector of the division within whose jurisdiction the application is. The British Circle Inspector to whom the application in Form I-A shall have discretion to refuse to entertain it on any application either wholly or in part. The currency of the licences and permits issued by the British Circle Inspector shall correspond with the period for which licences for tapping are granted under the tree-tapping rules in force in the Cochin State. The licences and permits issued in the State power by the British Inspector shall be liable to inspection on request being made by the Cochin State Excise Officer.

7. Persons applying for the issue of licences will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) Unless there are special reasons (e.g. refusing to mark the trees), the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licence. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees applied for are in excess of the legitimate demand of the shop. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Back Dakhani district, in the West Godavari district, in the Republic and Jaypore tracts of the Ganjam district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the manufacture of toddy jaggery shall, as far as possible, be in separate topes or blocks.

10. Toddy shall not be drawn from any toddy tree nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. 12. The following shall be the fees payable on account of each tree for the tapping at which licence is applied for :—
